COMPANY PROFILE

Gusto specializes in the production of plant based products and more specifically Gouda/Smoked/Mozzarella/Cheddar/Tomato & Basil/Parmesan flavor as well as Vegan white and cream spread. Our Vegan range is free from dairy, preservatives, casein, lactose, gluten, nuts and soya and are produced based on coconut oil while at the same time they are fortified with Vitamin B12, which plays an important role in the metabolism. Gusto provides excellent professional solutions to businesses and organizations through private label products worldwide. Our company is strongly result-oriented in order to fulfill each client's needs, which makes Gusto an excellent partner for developing products specially customized for each market.

QUALITY CONTROL

Food safety is the most important component in the products' quality and therefore for the company consumer's health is non-negotiable. Gusto applies a fully safety management system of food that complies with the requirements of standard ISO 22000, IFS and BRC.

Furthermore and within the context of its international expansion, the company provides its products with Halal as well as Kosher certificate. These two religious certificates ensure that our products have been produced with respect to the special needs and preferences of each consumer. Moreover, these certificates act as a strong catalyst in the company's exporting profile as they ease its access to markets with special quality characteristics. Therefore it clearly states the company's effort to listen, understand and service with respect and strong focus on the special consumers' needs. Moreover, the Vegan series is certified by the British Vegan Society and all our products are allergen free, which makes it suitable for everyone.
